Contents: A5 notebook, Metal pen, Keyring, Card holder, Fitted gift box.

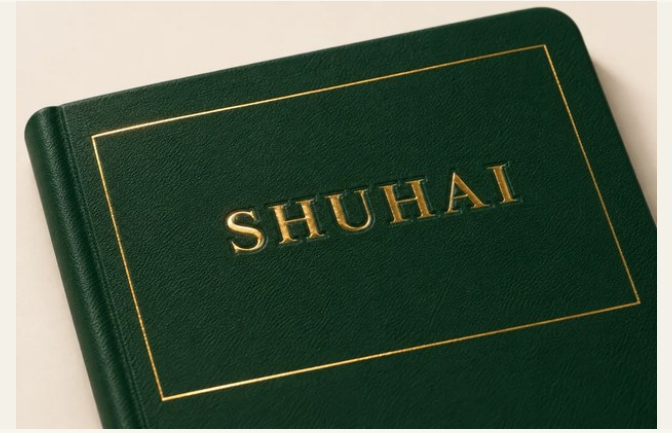

For teams, business relationships and everyday organization.

Branding, colour, contents and packaging are confirmed in the quote.

A CLOSER LOOK

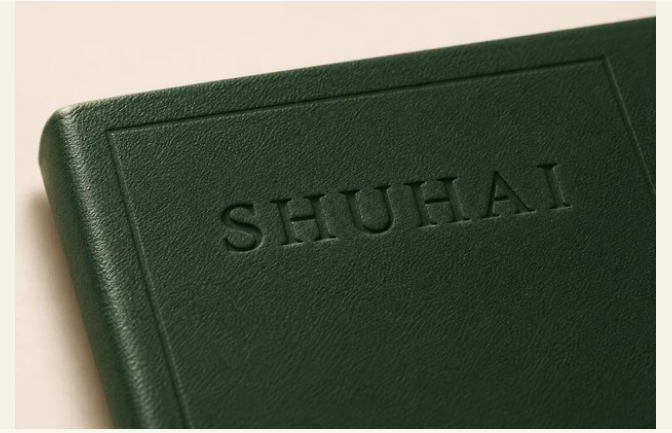

A finish that feels like your brand.

Compare reflection, depth and touch on the selected material.

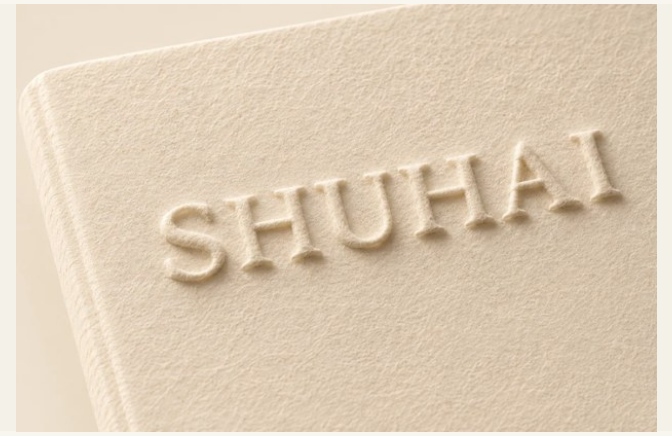

Hot foil stamping

Reflective metallic or coloured foil. Review logo size, fine detail, colour and cover suitability.

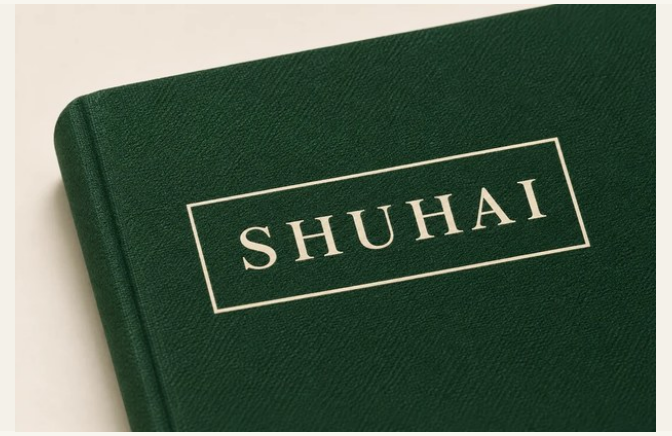

Blind debossing

A recessed mark without foil or ink. Review depth, contrast and the material response.

Blind embossing

A raised design. Confirm relief, material suitability and the reverse-side effect.

Screen printing

Opaque printed colour. Review colour, adhesion, opacity and actual-size legibility.

BUILD THE WHOLE NOTEBOOK

Think beyond the logo.

Cover and paper

Compare printed paper, textured materials, soft-touch PU, cloth and synthetic covers. Confirm colour, paper weight and writing behaviour using the agreed sample.

Binding and opening

Review Wire-O, sewn sections and casebound options for the intended page count and cover. Check the first, middle and final pages for comfortable writing and turning.

FROM BRIEF TO DELIVERY

Make the next decision easier.

Keep one agreed specification from artwork and sample approval to production and packing.

01 / Brief

Use, quantity per design, reference images, destination and required arrival date.

02 / Specify

Finished size, page count, paper, cover, printing, binding, logo finish and packaging.

03 / Approve

Artwork version, content, construction, sample scope, price and delivery terms.

04 / Produce

Printing, finishing, binding, inspection points and packing follow the agreed brief.

05 / Deliver

Plan transport and customs alongside production. The current planning guide is 1-2 months including transport; the confirmed schedule is project-specific.
